SUMMARY

Motivated Computer Science Engineering student with a strong foundation in programming, database management, and web development. Eager to apply technical skills, learn new technologies, and contribute to innovative projects. Possess foundational knowledge of programming languages such as Java, C, and database management concepts including SQL and DBMS. Familiar with software development, data structures, algorithms, web technologies, and computer networking concepts. Interested in areas such as cybersecurity, cryptography, and emerging technologies

TECHNICAL SKILLS

Programming Languages: c , JavaScript , SQL.
Frontend Development: HTML, CSS, React.js, UI/UX Design (Figma).
Backend & Databases: Node.js, MongoDB, MySQL
Core Skills: Data Structures and Algorithms, System Design, OOP, Resilient Systems, Performance Tuning.

EDUCATION

Vivekananda global university
Bachelor of Technology in Computer Science
CGPA : 7.8
Relevant Coursework : DSA, Operating Systems, DBMS, Computer Networks, System Design (Basic).

HOBBIES

- photography
- traveling
- Feeding Animals

PROFESSIONAL EXPERIENCE

Skillcraft technology
Web development intern
Remote

- Spearheading the maintenance of web-based platforms, increasing system throughput by 25% via modular components.
- Modernizing backend structures with streamlined data flows, reducing server response latency by 20%.
- Collaborating with cross-functional teams to deploy five plus production-ready features within project milestones.
- Writing clean, well-documented code bases while following industry-standard development life cycles.

PROJECTS

Food wastage management system

- Designed and developed a web-based system to reduce food wastage by connecting food donors with NGOs and needy organizations
- Implemented features for food donation posting, request management, and real-time status tracking.
- Developed user authentication and role-based access for donors, receivers, and administrators.

Task management system

- Designer
- Implementer
- Developer

ACHIEVEMENTS & ADDITIONAL INFORMATION

- **Hackathons:** participated in COD RED 3.0 TRIATHLON
- **Certifications:** national level project exhibition , got second rank in treasure hunt event in universit, desert bloom 2.
- **Website prototype** link: www.figma.com/make/REch6E2mf08FSYU05UK/User-friendly-information-app
